## LIST OF STUDENTS PARTICIPATED IN CERTIFICATE PROGRAMES

A.Y: 2018-19

S.No	NAME OF THE PROGRAM	DATE	NO.OF STUDENTS PARTICIPATED
1	Certificate Programme on Basic unit operations	06/08/2018-17/08/2018	25
2	Certificate Programme on Human genome project	10/09/2018-20/09/2018	80
3	Certificate Programme on Thermodynamics and humidification	1/10/2018-12/10/2018	80
4	Certificate Programme on Preformulation studies	13/11/2018-23/11/2018	24
5	Certificate Programme on Handling techniques for the extraction of phytochemicals	11/12/2018-21/12/2018	82
6	Certificate Programme on Artificial intelligence in clinical and genomic diagnostics	2/1/2019-12/1/2019	22
7	Certificate Programme on Food and Nutraceuticals	21/1/2019 – 1/2/2019	39
8	Certificate Programme on Pharmacokinetic drug interactions	4/2/2019-14/2/2019	77
9	Certificate Programme on Comprehensive description of brain strokes	18/3/2019-28/3/2019	82

## Our Vision

Our institutions vision is our North-star to carve a niche by itself. Emerging as a world class center excellence in pharmacy education; undeterred in decision-making; through the strategies, actions and mission may change over time; but ultimately to produce competent technocrats, nurturing the innovative, research and entrepreneurship attitudes; and meeting the global standards real and novel challenges of society and nation.

## Our Mission

Our mission is our direction to think and act. To provide an affordable high-quality education student-centered teaching-learning processes to the professional aspirants of rural areas to impart skill-based and job-oriented training on cutting-edge technologies and achieve 100% placements. To create a healthy and conducive atmosphere among the faculty, students both professionally and ethically and have an effective interaction with industry professional, alumni academicians of premier institutions.

To generate technically sound and knowledge pharmacists to cater the needs of the nation. To promote research activities, entrepreneurship among the students.

## A CERTIFICATE PROGRAM ON BASIC UNIT OPERATIONS

**06/08/2018 to 17/08/2018**

Organized by  
**A.M REDDY MEMORIAL COLLEGE  
OF PHARMACY**

Approved by AICTE & PCI New Delhi,  
Affiliated to A N U  
Petlurivaripalem, Narasaraopet  
A.P- 522601

## ABOUT US

The college has created a hallmark through its learning methodologies incorporating new initiatives in the field of pharmaceutical education.

The strength of A.M. Reddy Memorial College of Pharmacy is students, who have been continuously securing many ranks at national level competitive exams like GPAT, PGECET, TOEFL, IELTS, GRE etc., the institute gains the favor of the students, exclusively in global standard books coinage and high reputed publications. The digitalized library is well equipped with collection of 5000 books for issue & ready reference.

### ORGANISING COMMITTEE

**Mr Atluri Srinivas Reddy**

**Chairman,**

A.M Reddy Group of Institutions

**Cheif Patron**

**Mrs A.Sanathi Srinivas Reddy,**

**Secretary**

A.M Reddy Group of Institutions

**Coordinator**

A.M. Reddy Memorial College of Pharmacy is founded by NRIs to impart high quality technical and professional education in order to reflect the social responsiveness of the pharmacy college to society's needs for competent and compassionate pharmacists, quality and affordable healthcare and research directed at improving health care for individuals and the community.

The peerless institute was brought into existence to bridge the gap between industry and the institute and bring technology from lab to land. From the inception, the institute focused on enhancing excellence in teaching with emphasis on practical learning balanced with theory.

College of Pharmacy has excellent facilities even to undertake research & development activities to develop good quality healthcare products to benefit the nation as a whole and also the common man. It continuously strives to achieve academic excellence by development a work culture where faculty and students work to evolve teaching excellence by development a work to evolve teaching learning processes that are satisfying the ignited minds of the learners as well as teachers.

### ABOUT THE WORKSHOP

#### **Objectives of the program:**

➤ Conversion of API to dosage form requires a streamline operation of various processes which need to know for obtaining desired results. The program aims to overview various unit operations and general principles of drying, size reduction & separation, filtration, centrifugation, distillation, rheology, heat transfer. It also extends on applications of unit operations and equipments used.

#### **Topics covered:**

- Size reduction and separation
- Drying
- Distillation
- Filtration
- Centrifugation
- Rheology
- Heat transfer

## objectives:

➤The human genome project is based on the fact that isolating and analyzing the genetic material in DNA can provide scientists with new approaches to understanding disease development , new strategies for disease treatment and prevention. The primary goal of the program is to provide information data storage tools for data analysis. To understand ethical, legal and social issues of the project

## From :

September 10 to 20 - 2018

## Time :

10:00 AM to 3:30 Pm

## Topics covered:

- Isolation of DNA
- Fragmentation techniques
- Polymerase chain reaction
- Genetic and physical mapping
- Applications of human genome project

## REPORT

**Name Of The Program:** A Certificate program on Human genome project

**Date:** 10/9//2018-20/9//2018

**Details of resource person:** K. Revathi Sushma,

Assistant professor

A.M.Reddy Memorial college of Pharmacy

7799565554

revathisushma93@gmail.com

**No. of students attended:** 80

### **Objectives of the program:**

- To determine the sequence of chemical base pairs that comprise human DNA
- To provide information data storage tools for data analysis.
- To understand ethical, legal and social issues of the project.

### **Topics covered:**

- Isolation of DNA
- Fragmentation techniques
- Polymerase chain reaction
- Genetic and physical mapping
- Applications of human genome project

### **Outcome of the program:**

Students are able to

- Understand concept and importance of human genome project
- Application of genetic engineering in developing a human genome
- Improve data analyzing tools and transfer information to industries along with researchers.

College of Pharmacy has excellent facilities even to undertake research & development activities to develop good quality healthcare products to benefit the nation as a whole and also the common man. It continuously strives to achieve academic excellence by development a work culture where faculty and students work to evolve teaching excellence by development a work to evolve teaching learning processes that are satisfying the ignited minds of the learners as well as teachers. The college has created a hallmark through its learning methodologies incorporating new initiatives in the field of pharmaceutical education.

The strength of A.M. Reddy Memorial College of Pharmacy is students, who have been continuously securing many ranks at national level competitive exams like GATE, GPAT, PGECET, TOEFL, IELTS, GRE etc., the institute gains the favor of the students, exclusively in global standard books coinage and high reputed publications. The digitalized library is well equipped with collection of 5000 books for issue & ready reference.

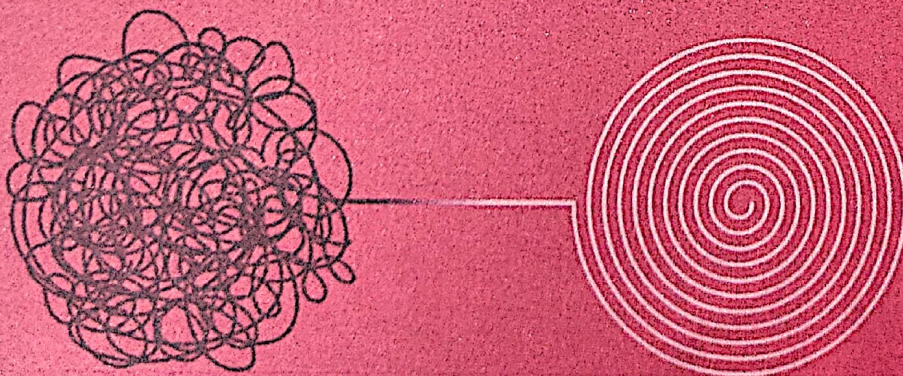

## Our Vision:

Our institutions vision is our North-star to carve a niche by itself. Emerging as a world class center excellence in pharmacy education; undeterred in decision-making; through the strategies, actions and mission may change over time; but ultimately to produce competent technocrats, nurturing the innovative, research and entrepreneurship attitudes; and meeting the global standards real and novel challenges of society and nation.

## Our Mission:

Our mission is our direction to think and act. To provide an affordable high-quality education student-centered teaching-learning processes to the professional aspirants of rural areas to impart skill-based and job-oriented training on cutting-edge technologies and achieve 100% placements. To create a healthy and conducive atmosphere among the faculty, students both professionally and ethically and have an effective interaction with industry professional, alumni academicians of premier institutions.

To generate technically sound and knowledge pharmacists to cater the needs of the nation. To promote research activities, entrepreneurship among the students.

## Objectives of the program:

- To provide knowledge on fundamentals of thermodynamics.
- To know operation design of various thermodynamic systems
- To gain knowledge on basic concept of humidification.

## Topics covered:

- Fundamental concepts and entropy
- Laws of thermodynamics
- Free energy function and application
- Refrigeration power cycles
- Phase equilibria
- Theory of air conditioning and equipment Humidity & charts.

## REPORT

**Name Of The Program:** A Certificate program on Thermodynamics & Humidification

**Date:** 1/10/2018-12/10/2018

**Details of resource person:** E. Suresh,

Associate professor

A.M.Reddy Memorial college of Pharmacy

9789521405

coolgalaxyy@gmail.com

**No. of students attended:** 80

### **Objectives of the program:**

- To provide knowledge on fundamentals of thermodynamics.
- To know operation design of various thermodynamic systems
- To gain knowledge on basic concept of humidification.

### **Topics covered:**

- Fundamental concepts and entropy
- Laws of thermodynamics
- Free energy function and application
- Refrigeration power cycles
- Phase equilibria
- Theory of air conditioning and equipment
- Humidity & charts.

### **Outcome of the program:**

Students are able to

- Demonstrate concept of the thermodynamic laws and assess feasibility in thermodynamic process
- Analyze and solve problems in thermodynamic systems
- Select appropriate environmental conditions for carrying out different operations to meet the specified needs.

## **About AMRMCP:**

A.M. Reddy Memorial College of Pharmacy is founded by NRIs to impart high quality technical and professional education in order to reflect the social responsiveness of the pharmacy college to society's needs for competent and compassionate pharmacists, quality and affordable healthcare and research directed at improving health care for individuals and the community.

The peerless institute was brought into existence to bridge the gap between industry and the institute and bring technology from lab to land. From the inception, the institute focused on enhancing excellence in teaching with emphasis on practical learning balanced with theory.

College of Pharmacy has excellent facilities even to undertake research & development activities to develop good quality healthcare products to benefit the nation as a whole and also the common man. It continuously strives to achieve academic excellence by development a work culture where faculty and students work to evolve teaching excellence by development a work to evolve teaching learning processes that are satisfying the ignited minds of the learners as well as teachers. The college has created a hallmark through its learning methodologies incorporating new initiatives in the field of pharmaceutical education.

The strength of A.M. Reddy Memorial College of Pharmacy is students, who have been continuously securing many ranks at national level competitive exams like GATE, GPAT, PGECET, TOEFL, IELTS, GRE etc., the institute gains the favor of the students, exclusively in global standard books coinage and high reputed publications. The digitalized library is well equipped with collection of 5000 books for issue & ready reference.

## **Our Vision:**

Our institutions vision is our North-star to carve a nitch by itself. Emerging as a world class center excellence in pharmacy education; undetering in decision-making; through the strategies, actions and mission may change over time; but ultimately to produce competent technocrats, nurturing the innovative, research and entrepreneurship attitudes; and meeting the global standards real and novel challenges of society and nation.

## **Our Mission:**

Our mission is our direction to think and act. To provide an affordable high-quality education student-centered teaching-learning processes to the professional aspirants of rural areas to impart skill-based and job-oriented training on cutting-edge technologies and achieve 100% placements. To create a healthy and conducive atmosphere among the faculty, students both professionally and ethically and have an effective interaction with industry professional, alumni academicians of premier institutions.

To generate technically sound and knowledge pharmacists to cater the needs of the nation. To promote research activities, entrepreneurship among the students.

## **Objectives of the program:**

- To understand the basic principles of preformulation parameters
- To explain basic concepts of solubility, pH, buffers
- To provide in depth knowledge of physical characteristics of drug prior to product development

## **Topics covered:**

- Physical characteristics of drug
- Solubility studies
- Enhancement of solubility
- pH & buffers
- Particles size and surface area characterization
- Stability studies
- Factors affecting Chemical properties of drugs.

## REPORT

**Name Of The Program:** A Certificate program on Handling Techniques for the extraction of phytochemicals

**Date:** 11/12/2018-21/12/2018

**Details of resource person:** G. Venkateswarlu,  
Associate Professor  
A.M.Reddy Memorial college of Pharmacy  
9000079873  
venkateswarluginji@gmail.com

**No. of students attended:** 82

### **Objectives of the program:**

- To evaluate various methods used in the preparation of medicinal compounds.
- To know screening of medicinal plants.
- To achieve quality research outcome.
- To determine quality and quantity of bioactive constituents.

### **Topics covered:**

- Maceration
- Infusion & digestion
- Percolation
- Decoction & microwave assisted extraction
- Soxhlet extraction

### **Outcome of the program:**

Students are able to

- Understand purpose of extraction
- Know various methods of extraction .
- Enumerate factors influencing selection of technique and solvents.

### About the College

A.M. Reddy Memorial College of Pharmacy is founded by NRIs to impart high quality technical and professional education in order to reflect the social responsiveness of the pharmacy college to society's needs for competent and compassionate pharmacists, quality and affordable healthcare and research directed at improving health care for individuals and the community.

The peerless institute was brought into existence to bridge the gap between industry and the institute and bring technology from lab to land. From the inception, the institute focused on enhancing excellence in teaching with emphasis on practical learning balanced with theory.

College of Pharmacy has excellent facilities even to undertake research & development activities to develop good quality healthcare products to benefit the nation as a whole and also the common man. It continuously strives to achieve academic excellence by development a work culture where faculty and students work to evolve teaching excellence by development a work to evolve teaching learning processes that are satisfying the ignited minds of the learners as well as teachers. The college has created a hallmark through its learning methodologies incorporating new initiatives in the field of pharmaceutical education.

The strength of A.M. Reddy Memorial College of Pharmacy is students, who have been continuously securing many ranks at national level competitive exams like GPAT, PGECET, TOEFL, IELTS, GRE etc., the institute gains the favor of the students, exclusively in global standard books coinage and high reputed publications. The digitalized library is well equipped with collection of 5000 books for issue & ready reference.

### Our Vision

Our institutions vision is our North-star to carve a niche by itself. Emerging as a world class center excellence in pharmacy education; undetering in decision-making; through the strategies, actions and mission may change over time; but ultimately to produce competent technocrats, nurturing the innovative, research and entrepreneurship attitudes; and meeting the global standards real and novel challenges of society and nation

### Organised by

**A.M Reddy Memorial College  
of Pharmacy,  
Petlutivaripalem, Narasaraopet, Guntur(Dt),  
Andhra Pradesh - 522 601**

## Our Mission

Our mission is our direction to think and act. To provide an affordable high-quality education student-centered teaching-learning processes to the professional aspirants of rural areas to impart skill-based and job-oriented training on cutting-edge technologies and achieve 100% placements. To create a healthy and conducive atmosphere among the faculty, students both professionally and ethically and have an effective interaction with industry professional, alumni academicians of premier institutions.

To generate technically sound and knowledge pharmacists to cater the needs of the nation. To promote research activities, entrepreneurship among the students.

## About Certificate Programme

### Objectives of the program:

- To develop algorithms.
- To develop the power of solving problems using fast intuitive judgment.
- To provide knowledge on accurate therapy and adverse reactions.

### Topics covered:

- Artificial intelligence and applications
- Computer vision and time series analysis
- Atomic speed recognition
- Artificial intelligence in clinical genomics
- Classification of coding variants and non coding variants
- Phenotype to genotype mapping
- Challenges and limitations

**A  
CERTIFICATE PROGRAM  
ON  
FOOD AND NUTRACEUTICALS**

**About the Certificate Programme:**

**Objectives:**

A nutraceutical product may be defined as a substance, which has physiological benefit or provides protection against chronic disease. Nutraceuticals may be used to improve health, delay the aging process, prevent chronic diseases, increase life expectancy, or support the structure or function of the body. Nutraceuticals have received considerable zest for their expected safety, potential nutritive and therapeutic effects. These were used as alternative to modern medicines that promote quality of health, increases nutritive value of the diet and prolongs life expectancy. The current program focuses on concept of nutraceuticals and regulations for promoting as an alternative to medicine.

**Topics covered:**

- Introduction, history of food and nutraceuticals
- Scope and Opportunities in Nutraceutical Market
- WHO guidelines on nutrition. NSF International
- Manufacture and sale of nutraceutical products in India
- US FDA Food Safety Modernization Act

**Andhra Pradesh - 522 601**

## **Objectives of the program:**

•Outcome of therapy depends on various factors including patient and dosage from related factors. Apart from those attention must be paid on interaction of drugs while administering more than a single drug and the food taken. The main objective is to acquire knowledge on types and mechanism of drug interactions. To study kinetics involved in enzyme inhibition and induction. To overview foods that interact with drugs and mechanism of action.

## **Topics covered:**

- Pharmacodynamic interactions
- Pharmacokinetic interactions involved in absorption & distribution
- Pharmacokinetics involved in induction & inhibition of drug metabolism
- Pharmacokinetic drug interaction during excretion
- Food drug interactions
- Case studies.

## **About AMRMCP:**

A.M. Reddy Memorial College of Pharmacy is founded by NRIs to impart high quality technical and professional education in order to reflect the social responsiveness of the pharmacy college to society's needs for competent and compassionate pharmacists, quality and affordable healthcare and research directed at improving health care for individuals and the community.

The peerless institute was brought into existence to bridge the gap between industry and the institute and bring technology from lab to land. From the inception, the institute focused on enhancing excellence in teaching with emphasis on practical learning balanced with theory.

College of Pharmacy has excellent facilities even to undertake research & development activities to develop good quality healthcare products to benefit the nation as a whole and also the common man. It continuously strives to achieve academic excellence by development a work culture where faculty and students work to evolve teaching excellence by development a work to evolve teaching learning processes that are satisfying the ignited minds of the learners as well as teachers.

The college has created a hallmark through its learning methodologies incorporating new initiatives in the field of pharmaceutical education.

The strength of A.M. Reddy Memorial College of Pharmacy is students, who have been continuously securing many ranks at national level competitive exams like GPAT, PGECET, TOEFL, IELTS, GRE etc., the institute gains the favor of the students, exclusively in global standard books coinage and high reputed publications. The digitalized library is well equipped with collection of 5000 books for issue & ready reference.

## **Our Vision**

Our institutions vision is our North-star to carve a niche by itself. Emerging as a world class center excellence in pharmacy education; undeterred in decision-making; through the strategies, actions and mission may change over time; but ultimately to produce competent technocrats, nurturing the innovative, research and entrepreneurship attitudes; and meeting the global standards real and novel challenges of society and nation.

## **Our Mission**

Our mission is our direction to think and act. To provide an affordable high-quality education student-centered teaching-learning processes to the professional aspirants of rural areas to impart skill-based and job-oriented training on cutting-edge technologies and achieve 100% placements. To create a healthy and conducive atmosphere among the faculty, students both professionally and ethically and have an effective interaction with industry professional, alumni academicians of premier institutions. To generate technically sound and knowledge pharmacists to cater the needs of the nation. To promote research activities, entrepreneurship among the students.

## REPORT

**Name Of The Program:** A Certificate program on Training on Comprehensive description of brain strokes

**Date:** 18/3/2019 – 28/3/2019

**Details of resource person:** V. Geetha Rani,  
Assistant professor  
A.M.Reddy Memorial college of Pharmacy  
7989291425  
purnageetha15@gmail.com

**No. of students attended:** 82

### **Objectives of the program:**

- To provide knowledge on importance and description of stroke.
- To provide information on medical management of stroke.
- To enumerate factors leading to stroke.
- To give basic information on goals of rehabilitation psychologists for patients with stroke.

### **Topics covered:**

- Introduction stroke
- Goals and objectives in therapy
- Objectives in rehabilitation programs
- Medical management
- Factors to be considered in stroke

### **Outcome of the program:**

Students are able to

- Understand causes and preventable cause of stroke
- Know symptoms & treatment objectives in therapy.
- Manage and take quick action in stroke condition to save a life.
