6.5.1 Internal Quality Assurance Cell (IQAC) has contributed significantly for improving the quality strategies and processes. It reviews teaching learning process, structures & methodologies of operations and learning outcomes.

Response:

AMRMCP has constituted the Internal Quality Assurance Cell (IQAC) in July 2019 to continuously buildup the quality of the institute in all aspects.

Objectives:

- Ensuring continuous improvement in all the operations of the institute.
- Ensuring quality and integrity to stake holders.
- Developing a strategic action plan to improve the academic and administrative performance of the institute.
- Implementing various measures for upgrading quality of the institute and implement best practices required.

Functions:

- Collecting feedback from stakeholders of the institute on quality initiatives.
- Creating awareness on various quality parameters.
- Documenting various programs/activities that lead to quality improvement.
- Organizing workshops and seminars on quality development for the faculty and students.
- Working continuously for the adoption of pedagogical advancement strategies to match the changing needs of students & industry.

Strategies and Processes:

1. Institutionalization of Online Certification Courses:

IQAC suggested introducing certification courses. Students and faculty were encouraged to enroll for the online courses offered by various platforms such as NPTEL, SWAYAM, etc. to gain the domain and interdisciplinary knowledge.

Outcome: Faculties were participating in the online certification courses both by mentoring the students and also undergoing certification.

2. Infrastructure:

IQAC infrastructure initiatives:

The institute increased the total number of computers from 50 to 100 during the last five years.

Internet bandwidth of 100 Mbps with two BSNL Fiber Net LL connections.

The institute has an INTEL AMD A10, 3.0GHz, 8GB RAM and 128 SSD Hard Disk Drive with 18.6 inch Screen.

Increasing the number of volumes every year in the college library and acquiring subscriptions for DELNET to make more books available.

3. Performance Based Appraisal System (PBAS) and student feedback.

Review through PBAS and student feedback

Maintaining course file for every course is mandatory for all faculties in the institute. The course file includes lesson plans, course outcomes and assignments along with information on teaching methodologies such as ICT based Teaching through Power Point Presentation, group discussions, motivational videos etc.

A course end survey is conducted to review the attainment of learning outcomes by the students at the end of each semester. Student feedback for faculty is being practiced in all departments.

4. Academic audit through DAC and IQAC

Review through Academic audits

Regular internal external audits were conducted. All the departmental coordinators submit the data to the coordinators, coordinators draws up the schedule for internal audit where the department coordinators act as an auditor for other departments.

Quality Management System Process and assessment areas:
