## REPORT

**Name Of The Program:** A Certificate program on Packing or holding of dosage forms

**Date:** 25/10/2021 – 6/11/2021

**Details of resource person:** R Sunitha

Associate Professor

A.M.Reddy Memorial college of Pharmacy

9949108509

raminenisunitha@gmail.com

**No. of students attended:** 80

### **Objectives of the program:**

- To classify various packing materials.
- To gain knowledge on basic concepts of storage and handling of different dosage forms
- To know various packing technologies.

### **Topics covered:**

- Classification of primary, secondary and tertiary packing materials
- Types of primary packing materials and their importance.
- Filling of containers.
- Packing of powder dosage forms.
- Solid unit dosage form packing
- Labeling instructions and storage of various dosage forms.

### **Outcome of the program:**

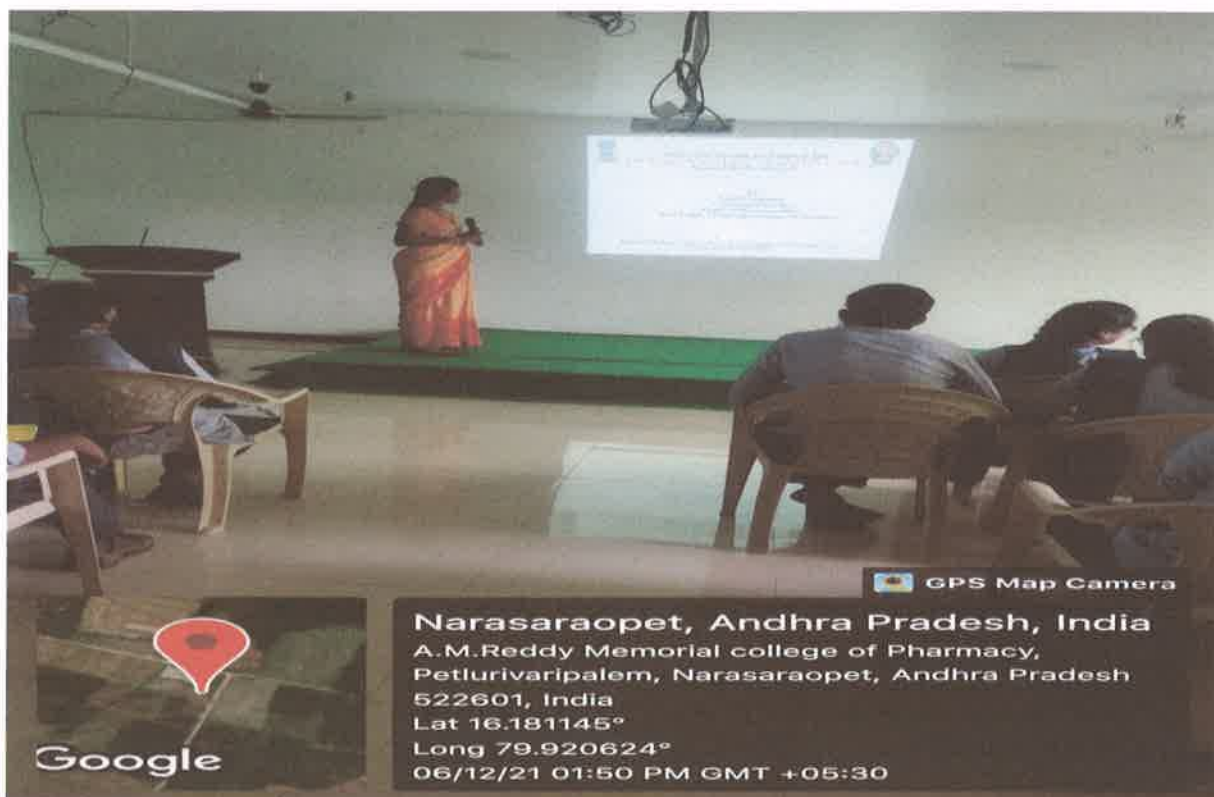

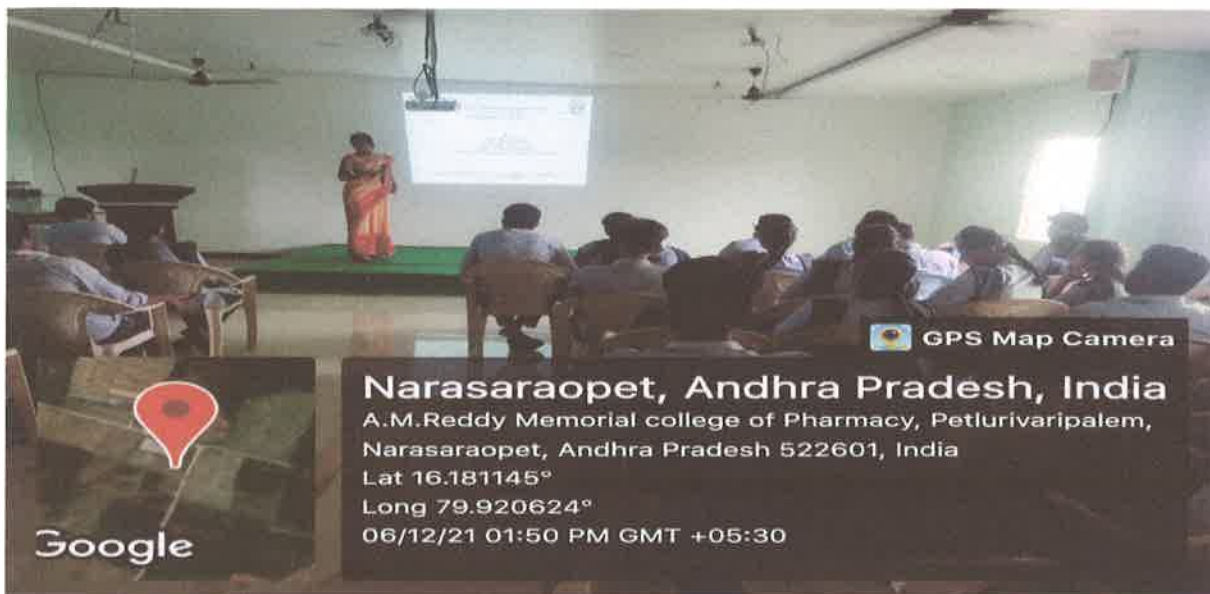

Student will be able to

- Understand different types of packing materials
- Understand various techniques involved in packing
- Select appropriate storage conditions
- Give appropriate labeling instructions for various dosage forms.

## About Certificate Programme:

### Objectives of the program:

To provide knowledge on various dissolution apparatus and their applications

To carryout dissolution studies and calculate the parameters for the obtained data

To understand drug release mechanism

### Topics covered:

Basic concept of dissolution and equipment

Dissolution of tablets

Calculation of dissolution data

Determination of release mechanism.

Dissolution studies capsules

Transdermal patches (diffusion studies)

### Dates:

17/11/2021

—

## REPORT

**Name Of The Program:** A Certificate program on Dissolution data kinetics

**Date:** 17/11/2021 – 27/11/2021

**Details of resource person:** J. Lakshmi Prasanna

Associate Professor

A.M.Reddy Memorial college of Pharmacy

9010845421

prasanna\_994@yahoo.co.in

**No. of students attended:** 73

### **Objectives of the program:**

- To provide knowledge on various dissolution apparatus and their applications
- To carryout dissolution studies and calculate the parameters for the obtained data
- To understand drug release mechanism

### **Topics covered:**

- Basic concept of dissolution and equipment
- Dissolution of tablets
- Calculation of dissolution data
- Determination of release mechanism.
- Dissolution studies capsules
- Transdermal patches (diffusion studies)

### **Outcome of the program:**

Student will be able to

- To recall basic concept of absorption and excretion
- Determine various pharmacokinetic parameters using dissolution data.
- Interpret drug release mechanism and optimization of release studies

**About AMRMCP:**

A.M. Reddy Memorial College of Pharmacy is founded by NRIs to impart high quality technical and professional education in order to reflect the social responsiveness of the pharmacy college to society's needs for competent and compassionate pharmacists, quality and affordable healthcare and research directed at improving health care for individuals and the community.

The fearless institute was brought into existence to bridge the gap between industry and the institute and bring technology from lab to land. From the inception, the institute focused on enhancing excellence in teaching with emphasis on practical learning balanced with theory.

College of Pharmacy has excellent facilities even to undertake research & development activities to develop good quality healthcare products to benefit the nation as a whole and also the common man. It continuously strives to achieve academic excellence by development a work culture where faculty and students work to evolve teaching excellence by development a work to evolve teaching learning processes that are satisfying the ignited minds of the learners as well as teachers. The college has created a hallmark through its learning methodologies incorporating new initiatives in the field of pharmaceutical education.

The strength of A.M. Reddy Memorial College of Pharmacy is students, who have been continuously securing many ranks at national level competitive exams like GPAT, PGECET, TOEFL, IELTS, GRE etc., the institute gains the favor of the students, exclusively in global standard books coinage and high reputed publications. The digitalized library is well equipped with collection of 5000 books for issue & ready reference.

**Objectives of the program:**

- To understand importance of green chemistry for sustainability
- To design and interpret greener route to the traditional chemical reactions

- To elaborate guidelines for green chemistry development

Topics covered:

- Introduction to green chemistry
- Waste prevention
- Designing of safer chemicals
- Use of safer solvents
- Reduce the derivatives catalysis
- Design for degradation
- Real time pollution prevention Safer chemistry for accident prevention

**Our Vision**

*Our institutions vision is our North-star to carve a niche by itself. Emerging as a world class center excellence in pharmacy education; undeterred in decision-making; through the strategies, actions and mission may change over time; but ultimately to produce competent technocrats, nurturing the innovative, research and entrepreneurship attitudes; and meeting the global standards real and novel challenges of society and nation.*

**Our Mission**

*Our mission is our direction to think and act. To provide an affordable high-quality education student-centered teaching-learning processes to the professional aspirants of rural areas to impart skill-based and job-oriented training on cutting-edge technologies and achieve 100% placements. To create a healthy and conducive atmosphere among the faculty, students both professionally and ethically and have an effective interaction with industry professional, alumni academicians of premier institutions.*

*To generate technically sound and knowledge pharmacists to cater the needs of the nation. To promote research activities, entrepreneurship among the students.*

**Dates:**

**18/4/2022**

## About the Certificate Programme:

### Objectives:

- A well-written CSR will aid the subsequent production of high quality submission documents, and conversely, poorly written or presented regulatory documents may lead to delays in regulatory approval, costing the sponsor time and money. The objectives of the program includes to Know the various documents pertaining to drugs in pharmaceutical industry. Understand the basics of regulatory compilation. To provide information on audits.

### Topics covered:

- Exploratory Product Development Brief (EPDB) for Drug substance and Drug product,
- Various master and batch records, reports
- Overview of dossiers
- Types of audits
- Auditing/inspection of manufacturing facilities by regulatory agencies
- Pre approval inspections & post approval changes

**A M Reddy Memorial College of Pharmacy**  
**Approved by AICTE & PCI New Delhi**  
**Affiliated to Acharya Nagarjuna University**  
**Pathurivaripalem, Narasaraopet, Guntur,**  
**Andhra Pradesh - 522 601**

## **About AMRMCP**

A.M. Reddy Memorial College of Pharmacy is founded by NRIs to impart high quality technical and professional education in order to reflect the social responsiveness of the pharmacy college to society's needs for competent and compassionate pharmacists, quality and affordable healthcare and research directed at improving health care for individuals and the community.

The peerless institute was brought into existence to bridge the gap between industry and the institute and bring technology from lab to land. From the inception, the institute focused on enhancing excellence in teaching with emphasis on practical learning balanced with theory.

College of Pharmacy has excellent facilities even to undertake research & development activities to develop good quality healthcare products to benefit the nation as a whole and also the common man. It continuously strives to achieve academic excellence by development a work culture where faculty and students work to evolve teaching excellence by development a work to evolve teaching learning processes that are satisfying the ignited minds of the learners as well as teachers. The college has created a hallmark through its learning methodologies incorporating new initiatives in the field of pharmaceutical education.

The strength of A.M. Reddy Memorial College of Pharmacy is students, who have been continuously securing many ranks at national level competitive exams like GPAT, PGECET, TOEFL, IELTS, GRE etc., the institute gains the favor of the students, exclusively in global standard books coinage and high reputed publications. The digitalized library is well equipped with collection of 5000 books for issue & ready reference.

**Dates:**

**18/4/2022 – 28/4/2022**

## Our Vision

Our institutions vision is our North-star to carve a niche by itself. Emerging as a world class center excellence in pharmacy education; undeterred in decision-making; through the strategies, actions and mission may change over time; but ultimately to produce competent technocrats, nurturing the innovative, research and entrepreneurship attitudes; and meeting the global standards real and novel challenges of society and nation.

## Our Mission

Our mission is our direction to think and act. To provide an affordable high-quality education student-centered teaching-learning processes to the professional aspirants of rural areas to impart skill-based and job-oriented training on cutting-edge technologies and achieve 100% placements. To create a healthy and conducive atmosphere among the faculty, students both professionally and ethically and have an effective interaction with industry professional, alumni academicians of premier institutions.

To generate technically sound and knowledge pharmacists to cater the needs of the nation. To promote research activities, entrepreneurship among the students.

## Details of the Certificate Programme:

### Objectives of the program:

- To identify the causes of poisoning, their diagnosis and treatment.
- To evaluate identification, characterization of toxin pathological conditions.
- To encapsulate major disaster due to poisoning

### Topics covered:

- Concept of veterinary toxicology
- Organ toxicity
- Nano particles radiation and carcinogenesis
- Drug use and drug abuse
- Metals and micro nutrients
- Insecticides and molluscides
- Estrogen toxicants
- Therapeutic measures

## REPORT

**Name Of The Program:** A Certificate program on Study of different biological natural products

**Date:** 19/4/2022 – 30/4/2022

**Details of resource person:** K. Narsu Kumari

Associate Professor

A.M.Reddy Memorial college of Pharmacy

9963638189

narsukumari87@gmail.com

**No. of students attended:** 80

### **Objectives of the program:**

- Overview of classification and different sources of natural products.
- To provide knowledge qualitative tests involved in identification of natural products
- To study importance of natural products

### **Topics covered:**

- Sources of natural products
- Classification of biological natural products
- Chemical reactions and metabolism : carbohydrates, amino acids
- Protein and lipids, glycosides and alkaloids
- Identification tests for natural products
- Uses of natural products

### **Outcome of the program:**

Student will be able to

- To know importance & sources of natural products for our activities.
- Identify type of natural product.
- Benefits and applications of natural products
- Demonstrate metabolic processes of natural products

### Objectives of the program:

- To isolate and characterize a gene
- To make desired alterations in one or more isolated genes
- To know process of returning altered genes to living cells
- To improve human genome.

### Topics covered:

- Introduction to gene and DNA
- rDNA technology
- Steps involved in rDNA technology
- Applications of rDNA technology

## REPORT

**Name Of The Program:** A Ten Days Certificate program on Recombinant DNA technology

**Date:** 26/4/2022 – 7/5/2022

**Details of resource person:** K. Revathi Sushma

Assistant Professor

A.M.Reddy Memorial college of Pharmacy

7799565554

revathisushma93@gmail.com

**No. of students attended:** 75

### **Objectives of the program:**

- To isolate and characterize a gene
- To make desired alterations in one or more isolated genes
- To know process of returning altered genes to living cells
- To improve human genome.

### **Topics covered:**

- Introduction to gene and DNA
- rDNA technology
- Steps involved in rDNA technology
- Applications of rDNA technology

### **Outcome of the program:**

Student will be able to

- Understand hereditary disease
- Artificial synthesis of new gene
- Know applications of new technology in improving therapy and health care.

**About AMRMCP:**

A.M. Reddy Memorial College of Pharmacy is founded by NRIs to impart high quality technical and professional education in order to reflect the social responsiveness of the pharmacy college to society's needs for competent and compassionate pharmacists, quality and affordable healthcare and research directed at improving health care for individuals and the community.

The peerless institute was brought into existence to bridge the gap between industry and the institute and bring technology from lab to land. From the inception, the institute focused on enhancing excellence in teaching with emphasis on practical learning balanced with theory.

College of Pharmacy has excellent facilities even to undertake research & development activities to develop good quality healthcare products to benefit the nation as a whole and also the common man. It continuously strives to achieve academic excellence by development a work culture where faculty and students work to evolve teaching excellence by development a work to evolve teaching learning processes that are satisfying the ignited minds of the learners as well as teachers. The college has created a hallmark through its learning methodologies incorporating new initiatives in the field of pharmaceutical education.

The strength of A.M. Reddy Memorial College of Pharmacy is students, who have been continuously securing many ranks at national level competitive exams like GPAT, PGECET, TOEFL, IELTS, GRE etc., the institute gains the favor of the students, exclusively in global standard books coinage and high reputed publications. The digitalized library is well equipped with collection of 5000 books for issue & ready reference.

## About The Certificate Programme:

### Objective:

- To identify the conditions which inturn turn into diaeases
- To detect various health issues that do not show symptoms
- To reduce mortality and suffering from a disease.
- To take proactive stance towards health

### Topics covered:

- Importance of health screening services
- Classification
- Tests including - Blood glucose test
  - BMI
  - Blood cholesterol
  - Pulmonary function test
  - Renal function test
  - Liver function test
  - Urine analysis
  - Hematology
  - Bone profile
