LIST OF STUDENTS PARTICIPATED IN CERTIFICATE PROGRAMES

A.Y: 2020-21

S.No	NAME OF THE PROGRAM	DATE	NO.OF STUDENTS PARTICIPATED
1	Certificate Programme on Tissue culture and cell culture of animals and plants	8/12/2020-18/12/2020	73
2	Certificate Programme on Isolation of DNA and RNA using polymerize chain reaction	14/12/2020-23/12/2020	72
3	Certificate Programme on Adjustment of dose in renal and hepatic failure	18/1/2021-29/1/2021	78
4	Certificate Programme on Veterinary toxicology	2/2/2021- 12/2/2021	27
5	Two Week Certificate Programme on Audits and regulatory compliance	15/3/2021 – 27/3/2021	37

A.M. REDDY MEMORIAL
COLLEGE OF PHARMACY

Copy to:

1. The Chairman.
2. The Secretary & correspondent.

Certified: 

HOD SP! -  28/11/20.

HOD cology - 

HOD Ph.A - 

Objective:

Tissue culture is in vitro maintenance and propagation of isolated cells tissues or organs in an appropriate artificial environment. Many animal cells can be induced to grow outside of their organ or tissue of origin under defined conditions when supplemented with a medium containing nutrients and growth factors. Tissue culture helps to quickly produce mature plants. The program highlights the objectives of tissue culture and cell culture techniques.

Topics covered:

- Concept of cell and tissue culture
- Types of culture media
- Selection of media and environmental factors
- Methods of propagation
- Advantages and disadvantages

Applications

Details of resource person:

K. Revathi Sushma

ABOUT AMRMCP:

A.M. Reddy Memorial College of Pharmacy is founded by NRIs to impart high quality technical and professional education in order to reflect the social responsiveness of the pharmacy college to society's needs for competent and compassionate pharmacists, quality and affordable healthcare and research directed at improving health care for individuals and the community.

The peerless institute was brought into existence to bridge the gap between industry and the institute and bring technology from lab to land. From the inception, the institute focused on enhancing excellence in teaching with emphasis on practical learning balanced with theory.

College of Pharmacy has excellent facilities even to undertake research & development activities to develop good quality healthcare products to benefit the nation as a whole and also the common man. It continuously strives to achieve academic excellence by development a work culture where faculty and students work to evolve teaching excellence by development a work to evolve teaching learning processes that are satisfying the ignited minds of the learners as well as teachers. The college has created a hallmark through its learning methodologies incorporating *new initiatives in the field of pharmaceutical education.*

The strength of A.M. Reddy Memorial College of Pharmacy is students, who have been continuously securing many ranks at national level competitive exams like GPAT, PGECET, TOEFL, IELTS, GRE etc., the institute gains the favor of the students, exclusively in global standard books coinage and high reputed publications. The digitalized library is well equipped with collection of 5000 books for issue & ready reference.

OUR VISION:

Our institutions vision is our North-star to carve a niche by itself. Emerging as a world class center excellence in pharmacy education; undeterred in decision-making; through the strategies, actions and mission may change over time; but ultimately to produce competent technocrats, nurturing the innovative, research and entrepreneurship attitudes; and meeting the global standards real and novel challenges of society and nation.

OUR MISSION:

Our mission is our direction to think and act. To provide an affordable high-quality education student-centered teaching-learning processes to the professional aspirants of rural areas to impart skill-based and job-oriented training on cutting-edge technologies and achieve 100% placements. To create a healthy and conducive atmosphere among the faculty, students both professionally and ethically and have an effective interaction with industry professional, alumni academicians of premier institutions.

To generate technically sound and knowledge pharmacists to cater the needs of the nation. To promote research activities, entrepreneurship among the students.

REPORT

Name Of The Program: A Certificate program on Tissue culture and cell culture of animals and plants

Date: 8/12/2020 – 18/12/2020

Details of resource person: K. Revathi Sushma

Assistant Professor

A.M.Reddy Memorial college of Pharmacy

7799565554

revathisushma93@gmail.com

No. of students attended: 73

Objectives of the program:

- To provide basic fundamentals on propagation.
- Overview principles of cell and tissue culture.
- Applications of tissue and cell culture.

Topics covered:

- Concept of cell and tissue culture
- Types of culture media
- Selection of media and environmental factors
- Methods of propagation
- Advantages and disadvantages
- Applications

Outcome of the program:

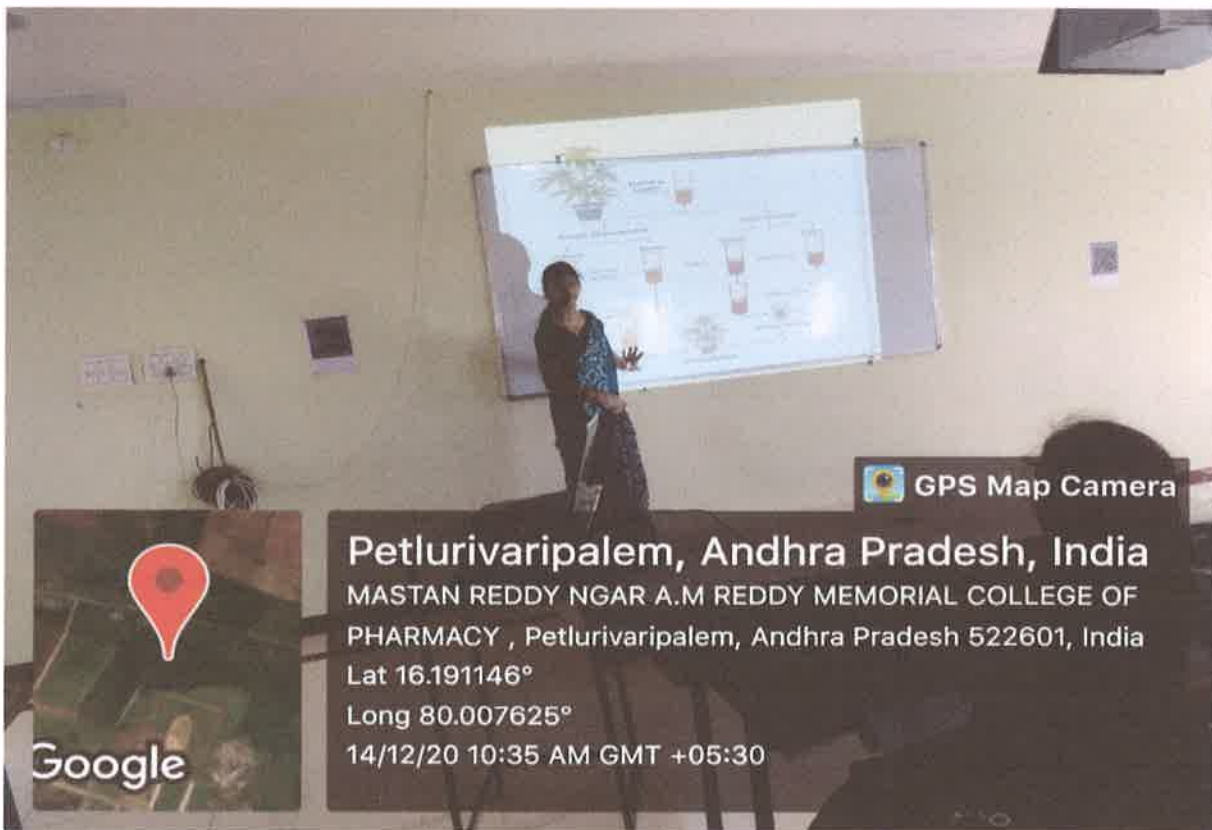

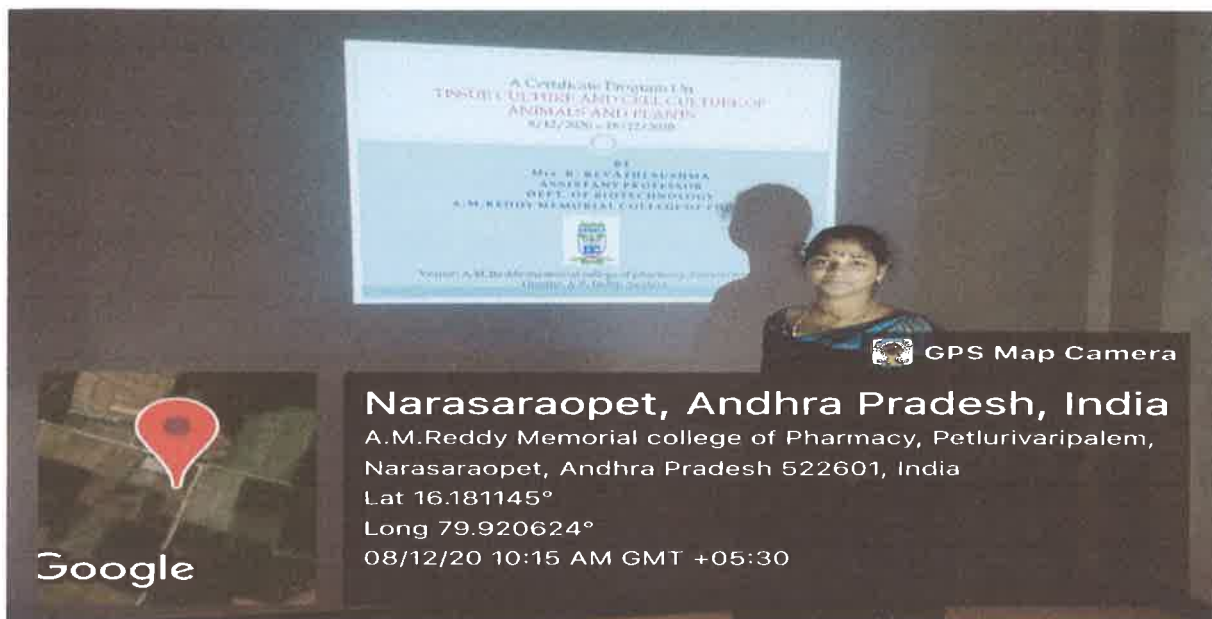

Student will be able to

- Understand concept of cell and tissue culture
- Select appropriate experimental conditions
- Propagate homogenous plants without seeds

Our mission is our direction to think and act. To provide an affordable high-quality education student-centered teaching-learning processes to the professional aspirants of rural areas to impart skill-based and job-oriented training on cutting-edge technologies and achieve 100% placements.

To create a healthy and conducive atmosphere among the faculty, students both professionally and ethically and have an effective interaction with industry professional, alumni academicians of premier institutions.

To generate technically sound and knowledge pharmacists to cater the needs of the nation. To promote research activities, entrepreneurship ambience among the students.

ABOUT THE PROGRAMME:

The use of DNA isolation technique should lead to efficient extraction with good quantity and quality of DNA, which is pure and is devoid of contaminants, such as RNA and proteins. Manual methods as well as commercially available kits are used for DNA extraction. Polymerase chain reaction (abbreviated PCR) is a laboratory technique for rapidly producing (amplifying) millions to

billions of copies of a specific segment of DNA, which can then be studied in greater detail. The program is expected to provide knowledge on isolation by polymerase chain reaction.

Topics covered:

- Significance of DNA and RNA isolation
- History of PCR
- Gel electrophoresis
- Principles of PCR
- Advantages and disadvantages of PCR
- Applications of PCR.

REPORT

Name Of The Program: A Certificate program on Isolation of DNA and RNA using polymerase chain reaction

Date: 14/12/2020 – 23/12/2020

Details of resource person: V. Geetha Rani

Assistant Professor

A.M.Reddy Memorial college of Pharmacy

7989291425

purnageetha15@gmail.com

No. of students attended: 72

Objectives of the program:

- To provide knowledge on isolation of DNA and RNA
- To know methods available and process of isolation by PCR
- Overview benefits of various methods.

Topics covered:

- Significance of DNA and RNA isolation
- History of PCR
- Gel electrophoresis
- Principles of PCR
- Advantages and disadvantages of PCR
- Applications of PCR.

Outcome of the program:

Student will be able to

- Understand purpose of isolation.
- Identify different techniques of isolation.
- Application of polymerase chain reaction method for isolation of DNA and RNA

A
CERTIFICATE
PROGRAM
ON
ADJUSTMENT
OF DOSE
IN
RENAL
AND
HEPATIC
FAILURE

Objectives:

The effects of many drugs get altered in renal impairment particularly when a drug has renal clearance. Drug doses should be altered in renal disease in accordance with the predicted reduction in the clearance of the drug. Some patient factors also influence the decision to adjust drug doses, such as the degree of renal disease and patient size. There are some drug factors to be considered to adjust doses including the drug excretion and the therapeutic index. Estimation of renal function is helpful in the dosing of Renally excreted drugs.

Dates:

18/1/2021

to

29/1/2021

Our Vision

Our institutions vision is our North-star to carve a niche by itself. Emerging as a world class center excellence in pharmacy education; undeterred in decision-making; through the strategies, actions and mission may change over time; but ultimately to produce competent technocrats, nurturing the innovative, research and entrepreneurship attitudes; and meeting the global standards real and novel challenges of society and nation.

Our Mission

Our mission is our direction to think and act. To provide an affordable high-quality education student-centered teaching-learning processes to the professional aspirants of rural areas to impart skill-based and job-oriented training on cutting-edge technologies and achieve 100% placements. To create a healthy and conducive atmosphere among the faculty, students both professionally and ethically and have an effective interaction with industry professional, alumni academicians of premier institutions.

To generate technically sound and knowledgeable pharmacists to cater the needs of the nation. To promote research activities, entrepreneurship among the students.

that can be used as a guide for drug dosing. In order to predict the kinetic behaviour of drugs in cirrhotic patients, agents can be grouped according to their extent of hepatic extraction. The goal of the program is to give the concept of identification of impairment and dose adjustment methods to a maximum extent.

Topics covered:

- Methods to measure renal function.
- Relationship between creatinine clearance and GFR
- Methods for calculation of creatinine clearance
- Dose adjustment methods in renal impairment
- Extracorporeal removal of drugs
- Liver function tests relate to drug absorption and disposition.
- Dose adjustment methods in hepatic impairment.
- Pharmacokinetic properties of a drug for which dose adjustment would not be required in patients with renal or hepatic impairment

REPORT

Name Of The Program: A Certificate program on Adjustment of dose in renal and hepatic failure

Date: 18/1/2021 – 29/1/2021

Details of resource person: J. Lakshmi Prasanna

Assistant Professor

A.M.Reddy Memorial college of Pharmacy

9010845421

prasanna_994@yahoo.co.in

No. of students attended: 78

Objectives of the program:

- Overview renal and hepatic diseases and causes
- To provide knowledge on identification of impairment
- To study methods of dose adjustments in impaired patients

Topics covered:

- Methods to measure renal function.
- Relationship between creatinine clearance and GFR
- Methods for calculation of creatinine clearance
- Dose adjustment methods in renal impairment
- Extracorporeal removal of drugs
- Liver function tests relate to drug absorption and disposition.
- Dose adjustment methods in hepatic impairment.
- Pharmacokinetic properties of a drug for which dose adjustment would not be required in patients with renal or hepatic impairment

Outcome of the program:

Student will be able to

- To characterize proper functioning of kidney and liver
- Understand relationship of creatinine clearance and drug disposition.
- Calculate dose and dosing intervals based on impairment
- Demonstrate knowledge on types of dialysis

About AMRMCP

A.M. Reddy Memorial College of Pharmacy is founded by NRIs to impart high quality technical and professional education in order to reflect the social responsiveness of the pharmacy college to society's needs for competent and compassionate pharmacists, quality and affordable healthcare and research directed at improving health care for individuals and the community.

The peerless institute was brought into existence to bridge the gap between industry and the institute and bring technology from lab to land. From the inception, the institute focused on enhancing excellence in teaching with emphasis on practical learning balanced with theory.

College of Pharmacy has excellent facilities even to undertake research & development activities to develop good quality healthcare products to benefit the nation as a whole and also the common man. It continuously strives to achieve academic excellence by development a work culture where faculty and students work to evolve teaching excellence by development a work to evolve teaching learning processes that are satisfying the ignited minds of the learners as well as teachers. The college has created a hallmark through its learning methodologies incorporating new initiatives in the field of pharmaceutical education.

The strength of A.M. Reddy Memorial College of Pharmacy is students, who have been continuously securing many ranks at national level competitive exams like GPAT, PGECET, TOEFL, IELTS, GRE etc., the institute gains the favor of the students, exclusively in global standard books coinage and high reputed publications. The digitalized library is well equipped with collection of 5000 books for issue & ready reference.

Objectives of the program:

- To identify the causes of poisoning, their diagnosis and treatment.
- To evaluate identification, characterization of toxin pathological conditions.
- To encapsulate major disaster due to poisoning

Topics covered:

- Concept of veterinary toxicology
- Organ toxicity
- Nano particles radiation and carcinogenics
- Drug use and drug abuse
- Metals and micro nutrients
- Insecticides and molluscides
- Estrogen toxicants
- Therapeutic measures

Objectives:

• Compliance auditing, either internal or external, can help a company identify weaknesses in regulatory compliance processes and create paths for improvement. In some cases, guidance provided by a compliance audit can help reduce risk, while also avoiding potential legal trouble or federal fines for noncompliance. Objectives of the program include to understand importance of auditing. To provide knowledge on auditing methodology. To know regulations concerned with the plant maintenance.

Topics covered:

- Objectives and management of audit
- Responsibilities and planning process
- Information gathering
- Classifications of deficiencies
- cGMP Regulations
- Transitioning to quality system approach
- Audit checklist for drug industries
