About the FDP

The outbreak of COVID-19 has resulted in a paradigm shift in education throughout the world and India in particular. Online/ Blended Teaching-Learning has become need of the hour to sustain our education system. In this FDP, the university intends to impart the knowledge on Designing and Developing Blended courses and deliver the same online.

Major Topics to be Covered

1. Overview of Blended Learning.
2. Designing of Blended Learning lessons.
3. Guidelines/Templates for Design & Development of a Blended Learning Lesson.
4. Open Educational Resources (OER's) & Creative Commons Licenses.
5. Pedagogies for Blended Learning.
6. Interactive Video Development Tools.
7. Google Classroom & Moodle LMS for Delivering Blended Learning Courses.
8. Conducting Student Assessments through Moodle, Google Classroom.

Mobile: 9866207119

Objectives of FDP:

- To disseminate of the modern knowledge of pharmaceutical and biomedical research to researchers, and academicians.
- To provide conceptual understanding of how pharmaceutical and biomedical research can be used in various fields.
- Train manpower in the field of Pharmaceutical sectors to fulfill the growing necessity.
- To discuss the status of the pharmaceutical and biomedical research work in India and across the world.
- Train the faculty who wish to upgrade the skills and knowledge

Topics covered:

- Bioprocessing and biofabrication.
- Animal Biotechnology.
- Medical and Immunobiotechnology.
- Nanobiotechnology.
- Pharmaceutical Biotechnology.
- Environmental Biotechnology.
- Industrial Biotechnology.

Outcomes of FDP:

- Understanding New approaches and advances in various fields of biotechnology.
- Updating knowledge about Advances in modeling and optimization of bioprocess.
- Know about different career opportunities in biotechnology field.

FACULTY DEVELOPMENT PROGRAMME ON
"STUDY OF TRANSFORMATIONS INVOLVED IN INNOVATION,
LEARNING, AND RESEARCH IN PHARMACY"

About A.M.Reddy Memorial College of Pharmacy:

A.M. Reddy Memorial College of Pharmacy is founded by NRIs to impart high quality technical and professional education in order to reflect the social responsiveness of the pharmacy college to society's needs for competent and compassionate pharmacists, quality and affordable healthcare and research directed at improving health care for individuals and the community.

The peerless institute was brought into existence to bridge the gap between industry and the institute and bring technology from lab to land. From the inception, the institute focused on enhancing excellence in teaching with emphasis on practical learning balanced with theory.

College of Pharmacy has excellent facilities even to undertake research & development activities to develop good quality healthcare products to benefit the nation as a whole and also the common man. It continuously strives to achieve academic excellence by development a work culture where faculty and students work to evolve teaching excellence by development a work to evolve teaching learning processes that are satisfying the ignited minds of the learners as well as teachers. The college has created a hallmark through its learning methodologies incorporating new initiatives in the field of pharmaceutical education.

The strength of A.M. Reddy Memorial College of Pharmacy is students, who have been continuously securing many ranks at national level competitive exams like ~~GATE~~, GPAT, PGECET, TOEFL, IELTS, GRE etc., the institute gains the favor of the students, exclusively in global standard books coinage and high reputed publications. The digitalized library is well equipped with debutant collection of 5000 books for issue & ready reference.

Our Vision:

Our institutions vision is our North-star to carve a niche by itself. Emerging as a world class centre excellence in pharmacy education; undeterred in decision-making; through the strategies, actions and mission may change over time; but ultimately to produce competent technocrats, nurturing the innovative, research and entrepreneurship attitudes; and meeting the global standards real and novel challenges of society and nation.

Our Mission:

Our Mission is our direction to think and act. To provide an affordable high-quality education student-centred, teaching-learning processes to the professional aspirants of rural areas to impart skill-based and job-oriented training on cutting-edge technologies and achieve 100% placements.

To create a healthy and conducive atmosphere among the faculty, students both professionally and ethically and have an effective interaction with industry professional, alumni academicians of premier institutions.

To generate technically sound and knowledge pharmacists to cater the needs of the nation. To promote research activities, entrepreneurship ambience among the students.

Objectives of FDP:

- To enhance and polish the research work carried out in the field of Pharmacy.
- To gain a better understanding of these substances and their use; have a traceability of the use channels in a better way.
- To empower the teaching and learning capabilities of the participants with emphasis on improvisation of their teaching skills.
- To update the participants with the online tools.
- Providing a collaborative platform and disseminate, how individual practitioners could engage more fully in research so that they can strengthen the services they provide.

Topics covered:

- An insight to pharma GMP.
- Entrepreneurship in pharmacy.
- Role of biopolymers.
- Herbal Drug Delivery.
- Publication ethics.

Outcomes of FDP:

- Learn about and develop valuable skills in topics related to the drug development.
- Creation of a comprehensive knowledge base for evaluation of the potential risks and benefits of drug discovery.
- Understanding the importance of research and innovation in current scenario.

GUIDELINES

- ❖ Participant fees will be collected
- ❖ Eligible participants will be selected based on first come first serve basis and will be intimated by e- mail only.

Objectives Of FDP:

- Create and employ means for timely dissemination, evaluation, and incorporation of relevant environmental, health, and safety (EHS) knowledge and best practices.
- Exploits the unique characteristics of nano-size particles to create new, excellent characteristics of substances.
- Develop the national capacity to identify, define, and responsibly address concepts and challenges specific to the ethical, legal, and societal implications (ELSI) of nanotechnology.
- Incorporate sustainability in the responsible development of nanotechnology.

Topics Covered:

- Introduction to Nanoscience and Nanotechnology
- Physical Aspects
- Characterization of nanomaterials .
- Nanomedicine, Nanobots, Nanofibers, Nanotech-based wearables
- Applications of nanotechnology in health care sector.

ROLE OF NANOTECHNOLOGY IN HEALTHCARE

07th– 12thFebruary, 2022

Organized by

**A M Reddy Memorial College of
Pharmacy**

**Petlurivaripalem, Narasaraopet
Andhra Pradesh-522601**

A M REDDY MEMORIAL COLLEGE OF PHARMACY

A M Reddy Memorial College of Pharmacy was founded in 2004 by NRIs Sri. Atluri Srinivasa Reddy and Mrs. Atluri Santhi under Atluri Mastan Reddy Educational Society, Which is situated at Petlurivaripalem, Narasaraopet.

The college is housed independently polluted free, picture square lush green environment with a well-equipped with the state of art facilities.

It is approved by AICTE(All India Council For Technical Education),New Delhi, PCI(Pharmacy Council of India),New Delhi and affiliated to Acharya Nagarjuna University, Gunntur, Andhra Pradesh. The college has been ever driven by the greater asprints to provide the finest quality of pharmacy education, richly implanted in it brilliant infrastructure and ultra modern resources to ultimately mould every student with academic excellence. B.pharm, M.Pharm, (Pharmaceutics, Pharmaceutical Analysis , Pharmacology, and Industrial Pharmacy) Pharm.D and Pharma D(P.B) courses are being run by the college. Kindly visit the institute website. "www.amreddypharmacy.com" for more details.

Our vision

Our institutions vision is our North-star to carve a nitch by itself. Emerging as a world class center excellence in pharmacy education; undeterring in decision-making; through the strategies, actions and mission may change over time; but ultimately to produce competent technocrats, nurturing the innovative, research and entrepreneurship attitudes; and meeting the global standards real and novel challenges of society and nation.

Our mission

Our mission is our direction to think and act. To provide an affordable high-quality education student-centered teaching-learning processes to the professional aspirants of rural areas to impart skill-based and job-oriented training on cutting-edge technologies and achieve 100% placements. To create a healthy and conducive atmosphere among the faculty, students both professionally and ethically and have an effective interaction with industry professional, alumni academicians of premier institutions.

To generate technically sound and knowledge pharmacists to cater the needs of the nation. To promote research activities, entrepreneurship ambience among the students.

Program Report

Date: 14/02/2022

Name of the Program: A One Week FDP On “Role Of Nanotechnology In Healthcare”

Duration: 7TH – 12TH of February 2022 (one week)

Resource Person: Dr A. Ramu,

Assoc. Prof,

Dept Of Pharmaceutics,

Chebrolu Hanumaiah Inistitute Of Pharmaceutical Sciences, Guntur,

Mobile: 8247294804, Email: ramuane2601@gmail.com.

Mrs Dilshad,

Assoc. Prof,

Dept. Of Pharmacology,

St George College Of Pharmaceutical Sciences, Markapur,

Mobile:

Dr P. Eswaramma,

Professor,

Department Of Pharmaceutics,

Vagdevi College Of Pharmacy, Gurazala,

Mobile No: 8374419364, Email: Eswarivenni@Gmail.Com

Objectives Of FDP:

- Create and employ means for timely dissemination, evaluation, and incorporation of relevant environmental, health, and safety (EHS) knowledge and best practices.
- Exploits the unique characteristics of nano-size particles to create new, excellent characteristics of substances.
- Develop the national capacity to identify, define, and responsibly address concepts and challenges specific to the ethical, legal, and societal implications (ELSI) of nanotechnology.
- Incorporate sustainability in the responsible development of nanotechnology.

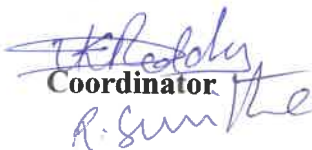

Topics covered:

- Introduction to Nano science and Nanotechnology.
- Physical Aspects
- Characterization of nanomaterials .
- Nanomedicine, Nanobots, Nanofibers, Nanotech-based wearables
- Applications of nanotechnology in health care sector.

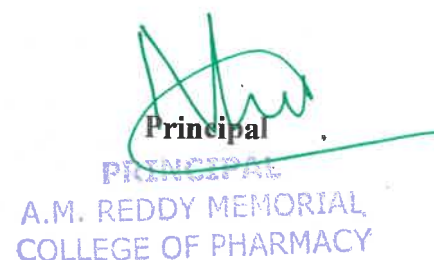

Outcomes Of FDP:

- Creation of a comprehensive knowledge base for evaluation of the potential risks and benefits of nanotechnology to the environment and to human health and safety.
- Encourage the development of engineered nanomaterials that are safer and more sustainable alternatives to materials—nanoscale and otherwise—that are now in use.
- Enhance the design and development of safe and environmentally benign manufacturing and end-of-life processes for engineered nanomaterials and nanotechnology-enabled products.
- Participate in coordinated international efforts focused on sharing data, guidance, and best practices for environmental and human risk assessment and management.

About the Program

A.M. Reddy Memorial College of Pharmacy is founded by NRIs to impart high quality technical and professional education in order to reflect the social responsiveness of the pharmacy college to society's needs for competent and compassionate pharmacists, quality and affordable healthcare and research directed at improving health care for individuals and the community.

The peerless institute was brought into existence to bridge the gap between industry and the institute and bring technology from lab to land. From the inception, the institute focused on enhancing excellence in teaching with emphasis on practical learning balanced with theory.

College of Pharmacy has excellent facilities even to undertake research & development activities to develop good quality healthcare products to benefit the nation as a whole and also the common man. It continuously strives to achieve academic excellence by development a work culture where faculty and students work to evolve teaching excellence by development a work to evolve teaching learning processes that are satisfying the ignited minds of the learners as well as teachers. The college has created a hallmark through its learning methodologies incorporating new initiatives in the field of pharmaceutical education.

The strength of A.M. Reddy Memorial College of Pharmacy is students, who have been continuously securing many ranks at national level competitive exams like GPAT, PGECET, TOEFL, IELTS, GRE etc., the institute gains the favor of the students, exclusively in global standard books coinage and high reputed publications. The digitalized library is well equipped with debutant collection of 5000 books for issue & ready reference.

Objectives of FDP

- To provide an overview of Multivariate Analysis in research.
- To explain the application of regression (Linear Regression and Logistic Regression).
- To explain the application of Factor Analysis, Confirmatory Factor Analysis (CFA), and Structured Equation Modeling (SEM).
- To provide an overview of Cluster Analysis and Conjoint Analysis.
- To explain Process macro with mediation and moderation.

Topics covered:

- ANOVA
- Correlation & Regression Analysis.
- Cluster Analysis.
- Factor Analysis.

**ONE WEEK FDP
ON
"STUDY OF
ONE AND TWO
DIMENSIONAL
SPECTROSCOPY"**

23–28 of May 2022.

*"Evolve into an academy of excellence to
serve the knowledge society"*

OUR VISION

Our institutions vision is our North-star to carve a niche by itself. Emerging as a world class centre excellence in pharmacy education; undeterred in decision-making; through the strategies, actions and mission may change over time; but ultimately to produce competent technocrats, nurturing the innovative, research and entrepreneurship attitudes; and meeting the global standards real and novel challenges of society and nation.

ABOUT FDP PROGRAMME

Objectives of FDP

- 2D spectroscopy is introduced to a wide audience.
- To provide a comprehensive description of 2D spectroscopy for non-specialists.
- Similarities and differences with pump–probe are highlighted.
- Basic concepts, notation and conventions of 2D spectroscopy are described.

Topics Covered

- Two-dimensional spectroscopy.
- Application to nuclear magnetic resonance.
- Two-dimensional spectroscopy at infrared and optical frequencies
- Principles and Features of Single-Scan, Two-Dimensional NMR Spectroscopy

Program Report

Date: 30/05/2022

Name of the Programme: A One Week Faculty Development Program on “Study Of One And Two Dimensional Spectroscopy”.

Duration: 23RD – 28TH of May 2022 (One Week)

Resource Person: Mrs D. Alekhya,

Assistant Professor,

Dept Of Ph. Chemistry,

Krishna University College Of Pharmaceutical Sciences,

Machilipatnam,

Mobile no: 9618531459 , Email: dandamudialekhya@gmail.com

Dr J. Subba Rao,

Assoc. Prof,

Dept Of Pharmaceutical Chemistry,

Chebrolu Hanumaiah Inistitutø Of Pharmaceutical Sciences, Guntur,

Mobile: 9703404666, Email: subbapharmacy@gmail.com.

Objectives Of FDP:

- 2D spectroscopy is introduced to a wide audience.
- To provide a comprehensive description of 2D spectroscopy for non-specialists.
- Similarities and differences with pump-probe are highlighted.
- Basic concepts, notation and conventions of 2D spectroscopy are described.

Topics covered:

- Two-dimensional spectroscopy.
- Application to nuclear magnetic resonance.
- Application to nuclear magnetic resonance.
- Two-dimensional spectroscopy at infrared and optical frequencies
- Principles and Features of Single-Scan Two-Dimensional NMR Spectroscopy

Outcomes Of FDP:

- 2D spectroscopy aims to measure the third-order response of a quantum system to an electric field.
- Detailed studies of the excitation dynamics in photosynthetic pigment-proteins require an application of a wide range of spectroscopic methods.
- From the later part of the previous century, pump-probe and time-resolved fluorescence spectroscopy provided an impressive amount of information.

About AMRMCP

A.M. Reddy Memorial College of Pharmacy is founded by NRIs to impart high quality technical and professional education in order to reflect the social responsiveness of the pharmacy college to society's needs for competent and compassionate pharmacists, quality and affordable healthcare and research directed at improving health care for individuals and the community.

favor of the students, exclusively in global standard books coinage and high reputed publications. The digitalized library is well equipped with collection of 5000 books for issue & ready reference.

The peerless institute was brought into existence to bridge the gap between industry and the institute and bring technology from lab to land. From the inception, the institute focused on enhancing excellence in teaching with emphasis on practical learning balanced with theory.

College of Pharmacy has excellent facilities even to undertake research & development activities to develop good quality healthcare products to benefit the nation as a whole and also the common man. It continuously strives to achieve academic excellence by development a work culture

The peerless institute was brought into existence to bridge the gap between industry and the institute and bring technology from lab to land. From the inception, the institute focused on enhancing excellence in teaching with emphasis on practical learning balanced with theory.

College of Pharmacy has excellent facilities even to undertake research & development activities to develop good quality healthcare products to benefit the nation as a whole and also the common man. It continuously strives to achieve academic excellence by development a work culture where faculty and students work to evolve teaching excellence by development a work to evolve teaching learning processes that are satisfying the ignited minds of the learners as well as teachers. The college has created a hallmark through its learning methodologies incorporating new initiatives in the field of pharmaceutical education.

The strength of A.M. Reddy Memorial College of Pharmacy is students, who have been continuously securing many ranks at national level competitive exams like GPAT, PGECET, TOEFL, IELTS, GRE etc., the institute gains the

ABOUT FDP

Objectives Of FDP:

- To gain the knowledge on Effect of Nutraceuticals as Therapeutic Moderators.
- To discuss nutraceuticals and nutritional therapy (i.e., nutraceuticals as a complementary therapy that is not only a source of nutrients and energy but may also give therapeutic advantages)

Topics covered:

- Therapeutic potential of nutraceuticals in human health.
- Significant role of Nutraceuticals in the treatment of disorders like obesity, cancer, diabetes, osteoporosis, osteoarthritis, Alzheimer's, cardiovascular, Parkinson's, and COVID 19, etc

Outcomes Of FDP:

- Nutraceuticals are substances that are either foods or parts of foods that have a significant health benefit.
- Have gained knowledge regarding popularity of Nutraceuticals in the prevention and treatment of diseases.
- The nutraceutical revolution entered into a new era of promised medical and health benefits, with the food industry adopting a research-oriented approach similar to that of the pharmaceutical industry

Venue:
Seminar Hall

About FDP Programme:

Objectives Of FDP:

- This provides a platform to learn the tools and techniques needed for the design and development of digital resources for teaching and learning.
- It aims to provide the knowledge and skills needed for teachers to cater to the present day learners and their learning styles.
- Enhance the knowledge regarding Computational Approaches to drug discovery and dosage form designing.

Topics covered:

- Drug Discovery & Development Process.
- Development of predictive tools for amorphous solid dosage form.
- Troubleshoots in formulation and evaluation of immediate release film coated tablets.
- Formulation development considerations in prefilled syringes.
- Computational Approaches applied to Drug Discovery.

Outcomes Of FDP:

- Acquire knowledge regarding problems involved in dosage form designing.
- Understand the significance of dosage form development.
- Gain the skills in applying different tools in designing dosage forms.

FDP DATES:

25th – 30th of August 2022

A.M. REDDY MEMORIAL COLLEGE OF PHARMACY

(Appr. by AICTE & PCI New Delhi; Reg. by Gov. of Andhra Pradesh, Affil. to Acharya Nagarjuna University)

Mastan Reddy Nagar, Petturivaripalem (B.), Narasaraopet (Md.), Guntur (Dt.) - 522601, AP, India

Phone: 08647-247194, 247193, Fax: 247192, Email: principalammcp2004@gmail.com, Website: www.amreddypharmacy.co.in

Program Report

Date: 1/09/2022

Name of the Programme: A One Week Faculty Development Program on "TROUBLESHOTS THAT CAN BE HANDLED DURING DESIGN OF DOSAGE FORMS".

Duration: 25th - 30th of August 2022 (One Week)

Resource Person:

- Dr A. Praveen Kumar Reddy, Manager, Sun Pharma.
- Dr V. Anjaneyulu, Lead Manager, Gland Pharma Ltd, Vizag.
- Mr I. Pavan Kumar, Research Scientist, Fr&D, Aurobindo Pharma Ltd.
- Mr Ch. Bharghav Gopi, Regulatory Associate, Dept Of Rims, Celegence Pvt Ltd.

Objectives Of FDP:

- This provides a platform to learn the tools and techniques needed for the design and development of digital resources for teaching and learning.
- It aims to provide the knowledge and skills needed for teachers to cater to the present day learners and their learning styles.
- Enhance the knowledge regarding Computational Approaches to drug discovery and dosage form designing.

Topics covered:

- Drug Discovery & Development Process.
- Development of predictive tools for amorphous solid dosage form.
- Troubleshoots in formulation and evaluation of immediate release film coated tablets.
- Formulation development considerations in prefilled syringes.
- Computational Approaches applied to Drug Discovery.

Outcomes Of FDP:

- Acquire knowledge regarding problems involved in dosage form designing.
- Understand the significance of dosage form development.
- Gain the skills in applying different tools in designing dosage forms.

Total No. Of Participants:

J. Santhi

CERTIFICATE OF PARTICIPATION

This is certificate of participation is presented to

.....*Geetha Rani Valaparla*.....

for attending “TROUBLESHOOTS THAT CAN BE HANDLED DURING DESIGN OF
DOSAGE FORMS”

A One Week Faculty Development Program

Organized by Internal Quality Assurance Cell

A. M. Reddy Memorial College of Pharmacy,

during 25th -30th August, 2022.

COORDINATOR

Ms J. Santhi Priya

A handwritten signature in black ink, appearing to read 'P. Bharghava Bhushan Rao', is written over the printed name of the Principal.
