3.4.1: Outcomes of Extension activities in the neighbourhood community in terms of impact and sensitizing the students to social issues for their holistic development during the last five years.

Response:

A.M. Reddy memorial College of Pharmacy has an NSS unit constituted of 150 volunteers to perform social activities and ethical values among the students. The NSS programme officer and faculty have participated in many NSS extension activities conducted in the adopted village and as well as the surrounding places of the college. Some of the social activities are Awareness on sanitary napkins to government school children, awareness on diabetes, awareness on cancer, stroke, heart related diseases, fire safety program, awareness on drug abuse and drug addiction to youth, road safety program etc., The list of extension activities organized by A.M. Reddy memorial College of Pharmacy and their impact in the society are

Awareness on sanitary napkins to school children

- NSS volunteers organized Awareness on sanitary napkins to school **children** in the adopted village and in & around the college.
- It gives awareness to school children about the usage of sanitary napkins.
- School children improved their personal hygiene in using sanitary napkins.

Pharmacist awareness rally

- NSS volunteers organized a pharmacist awareness rally to promote the awareness to the people of around the college the role of pharmacist role in healthcare sector.

Fire safety program

- NSS volunteers conducted fire safety program to the people in neighbouring villages about protocols should be followed if there is any fire accident and taught about the safety measures in preventing the fire accident.

Road safety program

- NSS volunteers conducted road safety program to the people in neighbouring villages about protocols should be followed while driving, wearing helmets, seat belts, avoiding alcohol while driving etc.

Medical Camps

AMRMCP conducted various medical camps such as, Free Diabetes check, Free B.P check, blood donation, cancer awareness etc. in and around the college.

- Poor people are getting treatment from authorised persons.
- It reduces the severity of the diseases in the adopted villagers as well as in the surrounding places in the college.
- People and students came to know the value of blood donation.

3.4.2: Awards and recognitions received for extension activities from government / government-recognised bodies

Response:

Extension activities are the voluntary efforts of educational institutions, inspired by ethical excellence toward social development through various activities like enhancement of the educational standard of underprivileged groups, adult education programs, environmental awareness, ecological conservation, health awareness, healthcare and sanitation, adoption of the village for holistic development in addition to the academic commitment of the institution.

The institution imparts Professional Ethics and Human Values as part of the academics, besides that awareness is spread through social responsibility is passed on through the National Service Scheme (NSS) and its activities.

The college sensitizes the faculty and the students on institutional social responsibilities. NSS units of the institute regularly conduct camps in the nearby villages to create an insight into the societal needs in the minds of the students. This motivates the students to participate in social outreach programmes which would benefit students in nearby villages. A sample of such programmes conducted includes

- Fire safety program
- Health and Hygiene
- Road safety Programmes
- Awareness on sanitary napkins to school children
- Plantation programs

The students participated in programmes like energy conservation, environmental awareness etc. in the nearby villages. Awareness about the Anti-ragging programme was conducted in association with Police Department. Blood donation camp strengthens the sense of empathy and compassion among donors and also instils in them a sense of commitment and

ethical responsibility. A blood donation camp was organized as part of the NSS activity. Many faculty and students came forward to donate blood. Apart from the above, the significance of clean surroundings, hygiene, sanitation in the neighborhood, and garbage disposal also sensitized the community at large. All these initiatives created a holistic environment.

Awareness on sanitary napkins usage created awareness among the girl students to exercise their rights. All this leads to informed, balanced and responsible citizenship. All the faculty members and students practiced yoga on the occasion of Yoga Day celebrations. Various activities were conducted and multiple sensitive topics of social, political & economic significance were discussed to create a better understanding among students & contribute to the balanced development of their personalities. The NSS unit functions under the guidance of a Faculty NSS Programme Officer. The NSS wing of the college focuses on providing access and opportunities to underprivileged children in health and education.
